

New Club Store Policy

Due to current shipping policies and contracts, all of the current club wholesale vendors now ship using FedEx. Fedex is a large company and has made company wide changes in the delivery options available to us. All handguns must be shipped 2 day Air. All of these are shipped through FedEx Express which is based in Ames. There are no avenues for holding a package. They must be delivered to the address on the package. There is currently no way to know what time the item will be delivered. They will no longer call prior to delivery. All long guns are shipped FedEx ground. While is based in Fort Dodge FedEx policy requires that they must be picked up that day or they will be returned to the shipper. They will not reliably call when an item is received.

Due to these conditions it is no longer a viable option to order firearms through our wholesale vendors. Other items, ammunition, reloading supplies, shooting supplies are shipped ground and can be held for pickup.

Any retail store that ships their firearms using UPS or USPS can still be used to purchase firearms and have them shipped to the club FFL.
